# Announcing the Reorganization of The Schaffner-Queen Co. Under The New Name of The Schaffner-Denzer Co.

ORIGINATED IN

1866

One of the Oldest Funeral Services in Ohio

REORGANIZED IN

1937

One of the Finest Funeral Services in Ohio

FRANK SCHAFFNER

HAROLD DENZER

WILFRED SCHAFFNER

OUT of respect to the memory of the late Asa Queen, who was a warm friend as well as business associate, we have delayed reorganization for more than two years.

DURING that time Harold Denzer has capably managed the affairs of the company and maintained the high standard of funeral service for which this firm has long held a reputation. He also has been accorded high honor by other members of the funeral directing profession, being president of the Marion County Funeral Directors' Association and president of the Second District of the Ohio Funeral Directors Association.

IN RECOGNITION of his demonstrated ability and 25 years of loyal service, the reorganization has been effected with Harold Denzer elected President and General Manager.

THE same policy of dependable service and reasonable charges, that has guided us for 71 years will be continued by the new management because that policy has proven successful.

MOST people prefer a fine funeral service. There is every reason why they should when such a service costs no more than any other. That, perhaps, is the chief reason why this firm has been called upon for generation after generation of many families in Marion and vicinity.

AS in the past our funeral home will be available to all patrons at no extra charge. It is not coincidence that every year more families are choosing this home as the ideal place to hold funeral. The beautiful appointments, the large seating capacity and all-comprehensive service facilities afford greater comfort for both the family and friends attending the funeral.

## How Familiar Are You With Facts About Modern Funeral Service?

In subsequent messages we shall endeavor to supply information that may aid some family in the hour of sorrow.

FOUNDED in 1866 this is the oldest funeral service in Marion and one of the oldest in Ohio. During nearly three-quarters of a century this company has seen, and had a part in, the growth of funeral service from its cabinet-maker and liveries stages to a highly skilled profession. It has pioneered in the development of embalming and the introduction of automobile and other modern equipment.

# Appropriations for City Schools Total \$532,947

## \$91.80 Set Aside for Each of 5,800 Pupils as Board Maps 1937 Financial Program

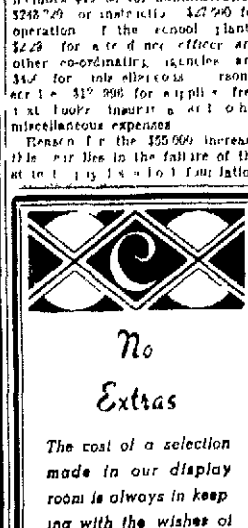

Mayor Willard today announced that the board of education has approved a financial program for the city schools for the year 1937. The program provides for a total appropriation of \$532,947 for the schools, which will be distributed as follows:

Of the total appropriation of \$532,947, \$91.80 is set aside for each of the 5,800 pupils in the city schools. The remaining \$441,147 will be used for the operation of the schools, including salaries, materials, and other expenses.

The board of education also approved a plan to increase the number of teachers and to improve the quality of the education. This plan includes the hiring of new teachers and the provision of training and development opportunities for existing teachers.

Short of funds and with \$23,500 in bonds plus \$2,000 in cash due yesterday, the board approved Mr. Gegerhiller's plan to request an advance of \$40,000 from County Auditor Moir to cover the current year's needs. The board had \$30,000 left in the bond retirement fund received an advance of \$18,000 for that fund and \$25,000 for the general fund. In order to pay off the bonds the board voted to transfer enough from the general fund temporarily to meet the bonds now due. When tax money comes later they will reimburse the general fund from the bond retirement fund.

No danger of a shortage in the general fund is expected by board members. A balance of approximately \$18,000 will be left in the general fund after the transfer is made. A special payroll of about \$22,500 for the month of April will be paid from the general fund. The balance of the \$40,000 advance comes \$24,000 in bills whose payment was authorized yesterday by the board.

**Local Term Debt Paid**  
A debt from the 1936-37 school year was cleared up when the board voted to pay \$4,287.11 to the state for the teachers' retirement fund to bring Marion's payment up to date.

The board committed favorably on a bill now in the legislature and brought to the board's attention by Buft C. A. Hudson regarding the creation of a pension system for school employees other than teachers. General tenor of comment was that as long as teachers are enabled to retire comfortably why should janitors and other school employees be denied the same privilege?

In the connection, also the board requested that Hudson prepare a list of teachers now eligible for retirement and indicated some action might be taken to require such teachers to retire on pension.

The board also voted to employ Levi Welch of 343 Center avenue as assistant janitor at Edison school at a salary of \$27 a month to fill the vacancy created by the recent death of H. H. Brady janitor at Central Junior High school.

Permanent improvement fund of the schools was abolished and the remaining \$1,100 transferred to the bond retirement fund. Board members said the fund was not large enough to permit any extensive improvement and could be better used elsewhere.

**Pay Boosts Recommended**  
The board discussed but took no action on the following items brought up by Superintendent Hudson: Maintaining roof and improvement of lighting facilities at

many of them threatened to close all stores in the Detroit area unless the building was evacuated. The girls asked a wage increase of one cent an hour (Associated Press Photo).

# LITTLE CHANCE FOR MARION 'CHILD BRIDE'

## Juvenile Court Policy Leaves Little Opportunity for Youthful Marriages

Marion, a not very young girl, was today in the court of Judge Gustafson for a hearing on her application for a license to marry. The judge, however, has been so strict in his policy that the girl's chances are slim.

The girl, who is 15 years old, was brought to court by her mother. She had been in the juvenile court several times for various offenses, including running away from home and truancy.

The judge, in his decision, stated that the girl was not mature enough to enter into a marriage contract. He also noted that the girl's mother had not provided her with adequate supervision and care.

The girl's mother, who is 35 years old, is a single parent. She has been struggling to support her daughter and maintain a household on a limited income.

The judge's decision leaves the girl with little chance of getting married at this time. She will have to wait until she is older and more mature, and until her mother can provide her with the necessary support and supervision.

The girl's mother expressed her disappointment and frustration with the judge's decision. She felt that her daughter was being treated unfairly and that she was being denied a chance at a better life.

The girl, who is very young and innocent, looks up at her mother with a sad expression. She knows that her dreams of marriage are being crushed, and she feels a sense of hopelessness about her future.

The judge's decision is a reflection of the court's policy on youthful marriages. The court believes that such marriages are often entered into impulsively and without proper consideration of the consequences.

The court's policy is designed to protect the young and to ensure that they are properly educated and supervised before entering into a marriage. It is a policy that has been in place for many years and is unlikely to change in the near future.

The girl's mother will have to accept the judge's decision and find a way to support her daughter and maintain a household. She will have to wait until her daughter is older and more mature before she can consider marriage again.

# STOP THAT COLD THE FIRST DAY

## Give It No Chance to Survive Through Use of Half-way Measures!

Let no cold get the start on you! The so-called common cold is the start of a serious trouble to you. It is not a mere nuisance, it is a danger. The moment a cold appears, act to kill it. Do not merely suppress it. Depend on no half-way measures. A cold being an actual infection must be got at from the inside. Treat a cold with a cold preparation not with a medicine good for all kinds of ailments. The treatment you want is Groe's Laxative Bromo Quinine. Bromo Quinine is a cold tablet made expressly for the treatment of colds. It is also internal treatment and of four important effects. First, Bromo Quinine opens the bowels, a desirable step in the treatment of colds. Second, it checks the infection in a system, a vital step. Third, it relieves the throat and fever. Fourth, it tones the system, helps fortify against further attacks. Bromo Quinine tablets are sugar coated as well as plain. The sugar coated tablets are exactly like the regular except that the tablets are coated with a palatable taste. Take no chances with a cold. ## YOUR INCOME TAX

NO 31  
Checking Delinquents  
The Bureau of Internal Revenue has at its command many sources for checking delinquent taxpayers. One of these is the information at source provision of the revenue act under which persons in whatever capacity acting are required to report to the commissioner of internal revenue at Washington D. C. payments to another in any calendar year of \$1,000 or more. If the recipient is married, reports need not be made of salary or other compensation for personal services unless the payment aggregate \$2,500 or more. If the marital status of the payee is unknown to the payer, the payer is considered a single person for the purpose of filing an information return of salary or other compensation for personal services.

Licensed or determinable income includes wages, salaries, royalties, premiums, rent interest, etc. A separate return of information for each employee is required of employers. The requirements are not limited to periodic payments but a single payment must be reported. Corporations are required to make a separate report of dividends or distributions for each individual shareholder or resident of the United States, resident fiduciary, or a resident partnership any member of which is a citizen or resident who was paid \$300 or more during the calendar year 1936. Domestic corporations are required to make a return of information of dividends or distributions amounting to \$100 or more made during the period from January 1, 1936 to July 1, 1936 inclusive to any shareholder who is a non-resident alien individual, a non-resident alien fiduciary or a non-resident partnership.

All persons or organizations acting at any time during the year 1936 as broker or other agent in stock bond or commodity transactions (including banks which handle clearing orders for depositors or custodian accounts) are required to file returns of information on form 1100 with respect to all customers, depositors or accounts for whom or which business was transacted during the year. A separate form 1100 must be prepared for each customer, depositor or account for whom or which business was transacted during the year and must show the name and address and other information provided for in the form.

Information returns are carefully checked with monthly returns of taxpayers. Thousands of delinquent returns amounting to millions of dollars have been secured as the result of the examination of information returns.

# ON CASE EYED MURDER ANGLE

Refers to Gun Not Fired His Widow

March 2—(By Associated Press.)—A shooting case is being eyed by police in the case of the late Mrs. W. H. Woodruff, who was shot and killed in the city of Birmingham, Ala., on Feb. 28.

The shooting took place in the rear of the Woodruff home, which is located on a street in the city. The widow of the deceased, Mrs. W. H. Woodruff, was the only person present at the time of the shooting.

The police are conducting a thorough investigation of the case, and are looking for any clues that might lead to the identification of the shooter. The case is being handled as a murder, and the police are taking all necessary precautions to ensure that justice is served.

# Marion Trailer Tourists Return From Traveling 10,000 Miles in Four Months

MARION'S plotters of the 19th century, the Woodruffs and their family, have returned from a journey of 10,000 miles in four months. The family, consisting of Mr. and Mrs. Woodruff and their children, have returned to their home in Birmingham, Ala., after a journey that took them to various parts of the United States and Canada.

The journey was a remarkable one, and the family has returned with a wealth of experiences and memories. They have traveled through some of the most beautiful scenery in the country, and have met many interesting people along the way.

The journey was made possible by the use of a motor home, which was built by the Woodruffs themselves. The motor home was a small, two-story building, which was equipped with all the necessary amenities for a comfortable journey.

The family has returned to their home in Birmingham, Ala., and is now settling back into their normal life. They are looking forward to the future, and are confident that they will continue to have many more adventures in the years to come.

caused chairs in downtown office buildings to sway slightly was followed by others less noticeable. Newspaper offices were swamped with calls from residents seeking to ascertain the cause of the disturbance.

A slight but distinct tremor was felt in Akron at about the same time.

Five Movements Felt

The disturbance also was felt at Hamilton where five distinct movements were felt between 9:45 and 9:50 a. m. Residents complained of pictures moving on the walls and of objects on upper floors of tall buildings rattling. The movement was very distinct.

Windows rattled and framed pictures on walls moved at the University of Cincinnati where Dr. Nevin M. Fenneman, professor of geology, termed the disturbance as a slight earth tremor.

Occupants of the high building in downtown Toledo reported they felt a slight jar which seemed like an earthquake.

An earth tremor which shook dishes and tables was reported in several parts of Adrian Mich. Ann Arbor and Redford a suburb of Detroit also reported the tremor.

At Kenon two shocks were felt one at 9:45 and a more severe one at 9:50. It was widely noticed as heating pipes and radiators rattled making a noise as if a large truck were being driven into the ground floor of a building. No damage was reported.

Look for Trucks

In Marion and vicinity the quake fooled many residents into believing a heavy truck was passing although some persons sensed a difference in the quality of the tremor. Telephone operators at Prospect Heights, Ill., reported that they noticed their own boards behaving strangely apparently beginning to move toward them.

Pots and pans rattled and chairs quivered generally throughout this and surrounding counties. In Marion city the shock was felt in the Marion building on South Main street but was apparently unobserved at other large buildings. Superintendent of Schools C. A. Hudson said the school administration building on South Prospect street trembled slightly.

Firemen and policemen received no calls from curious residents, although the shock was felt at headquarters. Courthouse attached also noticed the trembling.

Estimates of the time of the single shock ranged from one and four to a minute and a half. In some sections of this district a distinct rumbling was noticed.

The leader of approximately 20 die charged WPA employees snarled at Cincinnati for renewal of their protest which was halted late yesterday when police massed at the WPA office and ordered evacuation.

"Well continue the fight and ask others to join us," said Paul Rasmussen of Chicago, a leader of the Workers Alliance as he instructed the women dismissed from a sewing project to meet at a downtown labor headquarters to map further plans.

Toledoans received telegrams by telephone today as 45 striking Postal Telegraph and Western Union messenger boys continued a strike for wage increases to match those of other communication workers.

The United Automobile Workers organized the youths. "We believe if we are old enough to work we are old enough to organize the strike committee," declared.

The United States laundry at Portsmouth reopened after a shutdown since before the January flood was picketed by a group of former employees members of Laundry Workers Union No. 106.

Arthur Anderson union president said the company employed new crews when operations were resumed. He said there were 24 union and four non-union workers before the shutdown. There was no immediate company statement.

# MANDATORY PEACE PLAN NEARS VOTE

(By The Associated Press.)

WASHINGTON, March 2.—The senate neared a decision today on a proposal by Sen. Vandenberg, Republican of Michigan, to strike from the Pittman neutrality bill the last vestige of presidential discretion.

Vandenberg's amendment would eliminate a provision to give the President authority to decide what commodities if any American vessels could transport to belligerents in time of war.

The remainder of the bill totally mandatory was termed by the Michigan senator as complete a degree of quarantine from other peoples wars as it is possible to write. Sen. Borah, Republican of Idaho, contended, however, it would transfer the war to our ports.

Stamping Mfg. Co. both in Detroit were ordered by a court to show cause why they should not evacuate the plants.

Negotiators for General Motors Corp. and the United Automobile Workers of America reported at Detroit a national minimum hourly wage was the lone obstacle to adjournment of their conference. Tomorrow the union will confer with the Chrysler Automobile Corp.

The showdown form of strike was underground when 350 coal miners chose to remain 800 feet under the surface in the workings of the Jamison Coal Co. mine at Union town Pa. when their day's work was done. Relatives and friends brought food and clothing which were lowered to the strikers by high shaft workers.

1,500 Walk Out

The American Federation of Hostess Workers said more than 2,500 employees will work at eight mills in Berks county Pennsylvania. Union recognition was the issue.

The Wallon Shoe Co. announced a pay boost had induced 1400 employees to return to work at its plants in Chelsea, Mass.

Some 107 blind employees went on strike for increased pay and improved working conditions at a factory operated by the Pennsylvania Association for the Blind at Pittsburgh.

At North Chicago Ill. scene of two riots between sidewalk strikers and deputies striking employees of the Foxsteel Metallurgical Corp. picketed peacefully. Orderly pickets also was the rule at the Dow, Inc. Aircraft Corp. plant at San Antonio, Calif.

A sitdown strike halted production at the Holmes Foundry Co. plant at Toronto more than 1,000 workers in furniture factories were on strike.

ing the President's program to last night to discuss strategy. Some declared at least 100 members were lined up but that only about half that number attend the meeting.

Hopkins delivered a radio address during the evening and was followed promptly to the microphone by Sen. Clark.

It is a plain fact at the present time, Hopkins declared, that under the complexion of the supreme court can be changed two or three elderly judges living in seclusion and thinking in terms of a bygone day can block nearly all efforts of a popularly elected President and a popularly elected Congress to correct ills.

Sen. Clark one of the opposition leaders denied that the November election gave Mr. Roosevelt the right to recommend court changes.

No such mandate was received from the people, he said, for the all sufficient reason that no such law was submitted to the people.

County Files More Suits for Back Personal Taxes

Marion county continued its drive against delinquent taxpayers yesterday by filing 17 more suits in municipal court for past due personal property tax accounts. Walter D. Moore, assistant prosecuting attorney in charge of the campaign, said 20 more were to be filed today.

Most of the suits against rural residents for past due personal property taxes have been filed, he said. Justices of the peace throughout the county were mailed lists of delinquent taxpayers and were asked to investigate their financial status. A large percentage of the approximately 200 persons were reported either unable to pay or willing to make arrangements to pay, Mr. Moore said.

Meanwhile letters to delinquent realty taxpayers in the city will probably go out this week warning of impending foreclosure actions. There are approximately 1,000 delinquent accounts, many of which have been paid since the drive was started. Many others are making arrangements to participate in the Whitmore installment plan, Mr. Moore said.

Letters to rural property taxpayers were mailed last night. Taxpayers were warned that failure to pay would result in foreclosure of their property.

## BIG TEN BASKETBALL RACE NARROWS DOWN

Indiana Beats Michigan Northwestern Gives Minnesota Score

By The Associated Press  
CHICAGO, March 2.—Minnesota's championship-contending Gophers and Illinois had the Big Ten basketball title race all to themselves today.

An Michigan's Wolverines went out of the title running last night through a 31-27 defeat by Indiana. Minnesota took a thrill-packed 31-28 overtime decision from Northwestern before 11,200 roaring fans to tie the Illinois for first place with each club having one game to play.

Also featuring Monday night's semi-final game was Jewell Youngs' establishment of a new all-time conference season scoring mark of 172 points. The Purdue forward collected nine points as Wisconsin upset the Badgers 46-35 to surpass by five points the old mark set in 1933 by Joe Ruff of Northwestern.

Young scored 47 field goals and 18 free throws during the 12 game season. His accuracy from the foul line was remarkable. He missed only 10 free throw attempts.

A free throw by lanky Bob Minnesota to ship Northwestern's Manly Gophers center, enabled scrappy Wildcats who may give Illinois trouble next Saturday. Leonard Adlington knotted the count at 30-30 four seconds before the regulation game ended and Manly's winning charity toss came with only seconds of play remaining in the extra session.

Minnesota was behind 11-12 at the half and trailed through most of the second period.

Indiana stayed off a desperate Michigan rally to send the Wolverines home crashing. The Hoosiers who wound up the season with six wins and six defeats led 13-6 at the intermission.

George Rooney scored 16 points as Wisconsin surprised Purdue. The Badgers in winning their third game in 11 starts led 5-19 at the half and were headed only once in the last period. It was Purdue's fourth defeat against eight victories and the Hoosier marker defied what it claims to be the first time in four seasons no Indiana teams will figure in the conference cage title.

## DRESSSEN SEES REDS IN FOURTH POSITION

Cincinnati Starts for Tampa. Fla. To Enter Spring Training Grind

By The Associated Press  
CINCINNATI, March 2.—Manager Charles Dresssen of the Cincinnati Reds was ready to put his team in spring training today and still hopeful of hearing from one of his prize prospects declared that with a man like (Chick) Hafey along there'd be little doubt we'd finish in fourth place.

Dresssen and members of his staff will leave tomorrow for Tampa, Fla., where Thursday they will start the six weeks pre-season grind.

Hafey, veteran slugging outfielder, has been on the voluntary retired list since early in 1933. Recently he rejected an offer from General Manager Warren C. Giles whereby he would be paid a \$10,000 salary plus a bonus the latter paid him \$10,000.

Addressing Cincinnati's third annual baseball dinner last night, Dresssen expressed belief that none of last year's first division clubs had improved.

"I think we have a good chance to land fourth place," he said, "and as a team good enough to make for a place can make first."

Powell Crozier Jr., president of the club and general manager, added that the team would not be disposed of any player unless he was a "real ball player."

## TWO HARDING TEAMS PLAY LAST LEAGUE CONTESTS TONIGHT

Varsity and Jayvees Battle for Final Places in League Standings

Harding High school basketball games will see action in the final games of the 1933-34 season tonight when the Marion cagers make the prime test of the city. Harding is an effort to land a third place in the North Central Ohio varsity league and top first place in the Jayvee loop.

For two teams of the Harding varsity team it will be the last scholastic cage competition during a regular season. For the Harding guard and forward, the first string line up are seniors at Harding, this year and will be ineligible for further competition. All of the other members of the first team and reserves are expected to return for further competition next year.

Following tonight's pair of contests in Shelby county, Harding's varsity will turn their efforts in the direction of the Central District class A tournament to open at Ohio Wesleyan university in Delaware Thursday night.

Other contests tonight in the North Central Ohio season-ending program will find Gallon at Mt. Vernon and Ashland at Mansfield. Harding to clinch a third place in the varsity loop must win over Shelby tonight.

## SIX GAMES LISTED WEDNESDAY NIGHT

Team of Former O S U Cagers and Grid Stars To Play Thursday

Six games are scheduled for tomorrow night as Marion's independent basketball tournament starts its second week of play at the Stram Shovel gymnasium. On tomorrow night's list is a team composed entirely of former Harding High school players, the Ohio Northern club of Marion slated to play the Globe Clothiers of Gallon at 8:30.

Play will start at 7 p. m. tomorrow and continue until 11:30 p. m. as follows:

Sigons Club of Ohio Wesleyan university vs. Gallon. Winters at 7 p. m. Forest Lawn of Marion vs. Plain City at 7:45. Ohio Northern club of Marion vs. Globe Clothiers of Gallon at 8:30. Gallon All Stars vs. Kentucky Quigley's service station at 9:15. Dominion Electric of Mansfield against Lima Locomotive Works at 10 and J. H. Speed 1 Indus vs. Company at 10:45.

Walter Ruzzo, who is sponsoring the tournament, said today that on Thursday night at 10 p. m. nine former Ohio State basketball and football stars are scheduled to appear with Hills Tailors. All American squad against the Ohio Northern collegians of Ada. The teams to enter include Corner Jones, State's All American football center in 1933, Charles Hamrick, Sam Busick, Red Conisley, Earl Thomas, who recently played his last game at center for the State cagers, Inwood Smith, Stan Plimura, Nettle Wendt and Red Kleinhamer.

Tipps' Dye minute quarter back on the gridiron and forward on State basketball squad has said Ruzzo he will be here with his former team mates as a coach.

Three other games will be played Thursday night, three Saturday afternoon and three in the evening Ruzzo said.

## DEFEAT OF MUSKIES IS UP TO WOOSTER

Same Team That Topped Case May Halt New Concord Quintet

If any one is to keep Muskies from the Ohio conference basketball title it's up to the same Wooster team that knocked Case off the top perch.

Wooster's hopes were dispelled early in the season by defeats from two lower ranked quintets. But the Scots then pulled one of the surprises of the race and easily polished off Case's Scientists.

Muskies came from behind at the half last night and repelled an Otisman invasion 35 to 28, leaving the visitors down to fourth in the league and making the leader standstill.

Cincinnati's Bearcats already assured of third in the six-club Buckeye conference polished off the fourth place Dayton Flyers on the Cincinnati floor 45 to 29. Hensel Bearcat guard led with 12 points as Cincinnati pulled away from a 11 all tie to enter the second half leading 24 to 16.

Guards took scoring honors at Marietta as Ohio U. of the Buckeye topped Marietta's dethroned Ohio conference champions in an exhibition 36 to 23.

## STURDITWIST

The Miracle Suit

Tailored by Clothcraft  
Not \$25, \$30 or \$35 But \$22.50  
as you would expect Still Extra Pants \$5

"THE SUIT THAT CAN TAKE IT"

● THREE-PLY TWIST  
A genuine three-ply fabric of three individual yarns twisted into one triple strength thread.

● WRINKLE-PROOF  
The live virgin wool with the ventilated weave springs back into shape—waves on pressing bills.

● WEAR RESISTING  
Tested for 35 pounds tensile strength to the inch and to withstand 16,000 rubs.

● SNAG PROOF  
Make this test yourself. Push a nail or pencil through the Sturditwist fabric—remove, then pull cloth together again.

You'll have to wear a Sturditwist to really believe that suits as rich colorful and smart as these can be so rugged and long wearing.

The distinctive style and dependable tailoring together with the other features described above have earned for Sturditwist the reputation of being "America's Miracle Suit."

We purchased these suits months ago at the low price and you too can still purchase them at the low price. But hurry NOW.

Sturditwist shown in many models and styles and a wide range of colors in plaids, checks and fancy mixtures. We have your size for men and young men.

## The Stars Say—

For Wednesday, March 3

A girl notable for the breaking of old stagnant and crying conditions is the augury for an important lunar event. She should clear the way for progress in starting new ventures and speeding up old ones. Such transitory but guard against misrepresentation and misrepresentation. Rinze, combines or misrepresentation of cooperation may be a good thing.

Whose birthday it is for a year in which conditions may be profound, studious, although given to misrepresentation and impulsive. She should have a success because of its practical and constructive endowment.
